I assigned Brian Mueller. I just never got the message sent before the big "break" of last week.

Subject: RPM Request for Delta Shipyard

Hi Cathy,

The site team met today and Bob Werner indicated that enforcement would be ready to send General Notice letters to 2 RP's by the end of July. He indicated that the site attorney had expressed the desire to wait for an assigned RPM before the enforcement letters were sent out. I told Bob I would pitch in if needed to get the general notice letters out the door. He was going to talk to the attorney to see if that would be sufficient until we have an RPM on board. I told him I would send a request to you for a RPM. Please let me know when one is assigned-so I kick the ball into the next soccer field. ☺
